

CREEL WINS LAW FIRM OF THE YEAR FROM LATINFINANCE

For decades, Creel has advised on many first-of-their-kind and other historically notable transactions, which have recently included advising on the corporate, securities, tax and competition law aspects of several large M&A transactions for international financial sponsors and strategic buyers, the first and second-ever and so far only Special Purpose Acquisition Company (SPAC) IPOs as well as the first-ever de-SPAC process, the **first four and so far only Master Limited Partnership (FIBRA E) IPOs, the first-ever and 12 of the 14 International Certificado de Proyecto de Inversión (CERPI) listings, and the first-ever multi-sovereign catastrophe bond offering, the largest sovereign risk insurance transaction ever.**

We would like to thank our clients, our colleagues and other friends for their continued confidence in our abilities to deal with the most complex and demanding matters. We are well aware that it is because of that confidence that we have been able to do so many great things over the years, and very much look forward to continuing to earn that confidence going forward.
